

PRESS RELEASE: 11th November 2020

Citadel Risk Group Appointment of Gary Hall

Citadel Risk today announces the appointment of Gary Hall as Senior Vice President and Chief Underwriting Officer at American Millennium Insurance Company (“AMIC”).

AMIC will be re-structured into three distinct business divisions: a current and prospective business unit, a financial and regulatory reporting unit and a run-off unit which will, amongst other things, be responsible for the management of problematic and discontinued MGA business and claims.

Gary Hall, CPCU will be joining AMIC as Senior Vice President and Chief Underwriting Officer to run the current and prospective business unit.

Gary was previously part of the Citadel Risk Group, serving as President and CEO of Great Falls Insurance Company (“GFIC”) until its renewal rights were sold to Eastern Alliance Insurance in 2017. Gary joined Eastern at that time to manage a successful integration of GFIC’s book of workers compensation business into the Eastern/Pro Assurance organization.

Before his appointment at GFIC, Gary served as Regional Vice President of CNA where he ran both the Boston and Hartford CT offices. Prior to that Gary served as a Senior Vice President of Acadia Insurance where he was responsible for Underwriting and Field Operations. He was the 6th employee of Acadia and played a key role in building it into a dominant New England company. Gary also has significant insurance agency experience which he credits for giving him insights into utilizing that distribution channel.

Gary states, “I am pleased to have the opportunity to rejoin the Senior Management team of Citadel to further develop AMIC’s presence in the US. We face many challenges in today’s environment, but with those challenges come opportunities. I expect to capitalize on those opportunities.”

The Group’s CEO, Tony Weller, remarked that *“Gary is a proven resource within the Citadel Risk Group and for our counterparties. This is a very strong strategic appointment that can only take AMIC forward after a challenging year. The prospective business has been operating well since 2017 and Gary has been asked to continue and improve that process.”*
